

# ADVANTAGES OF THE EDUKIT PROGRAM

School Supplies in a Kit—Now that's Smart!™

- EduKit offers brand name products as well as brand equivalent options to help you control the kit cost. All of our supplies have been rigorously tested and we stand behind them 100%.
- All items on the supply lists are included in the kits unless you choose to have specific items sold separately. Your account manager will work with you to ensure your teachers get exactly what they need for their classroom.
- EduKit offers personalized service. Your school is assigned an account manager that you communicate with each and every time. This eliminates confusion and keeps customer service our priority.
- EduKit offers user friendly, time saving online tools. Track and manage your school's orders. Sort by family name, order date, grade or payment type.
- EduKit provides FREE marketing materials. Colorful, customizable flyers, posters, yard signs, planner stickers, web banners and more are available at no charge. We also have lots of ideas about how to make your program a success.
- EduKit's "Last Chance" program allows parents to order supplies throughout the summer and have them delivered right to their home.
- EduKit's supplies are age appropriate. For example, our kits contain scissors with larger handles for older students with bigger hands.
- EduKit provides FREE shipping to the school and FREE inside delivery.
- Home delivery is also available for a nominal shipping charge.
- EduKit does not ask schools to sign a contract. There is no minimum order or up-front money required. We keep our program very simple. How refreshing!
- EduKit offers school discounts ALL THE TIME. No contract required and no fine print.
- EduKit will take returned kits back for a full refund. We offer complimentary pick up, no restocking fees and no return freight charges.
- EduKit's are packed in sturdy boxes to ensure your supplies are delivered damage free. We have a variety of different sizes allowing us to fit all your supplies in one box 99% of the time. Want a memory box with handles? We have those! Want boxes labeled with student's names? We can do that too!
- EduKit supply kits can be offered as a convenient service or as a fundraiser.
- EduKit specializes in school supply kits. That's all we do! For over 25 years, our focus has allowed us to be experts in the industry, resulting in long lasting relationships with schools all across the country. We stand behind our kits 100%.

Setting the standard since 1993!
